

FLOWER OF LIFE

July 18-20, 2009 * Santa Fe, New Mexico

Learn MerKaBa Meditation facilitating Whole Heart Expansion

Sat 9:30 am - 6:00 pm, Sun 9:30 am - 6:00 pm , Mon 9:30 am - 3:30 pm- \$381

The Flower of Life (www.floweroflife.org) teaches the MerKaBa Meditation, an ancient meditation based on conscious breathing, ascension, and components inherent in the sacred geometry of nature and all life.

The Flower of Life course is offered monthly at Alaha Shamaya in beautiful Redwood Valley, California, as well as other places, based on guidance and 'sponsored' request. Ilizabeth Fortune, MA,CST, facilitates the MerKaBa Meditation, unity heart experientials, and sacred

geometry wisdom as a living philosophy in harmony with all life. This opening heart MerKaBa Meditation is a template that may be integrated into one's personal life and philosophy, helping to create active authenticity with creativity and soul.

This authenticity increases self-trust and faith in soul communications. The gentle strength of resonating courage emerges, creating the highest priority, to be conscious, and to be who we truly are, aware of the interconnectedness of all life, offering our uniqueness toward the new paradigm in process. dolphinsight@saber.net

Ilizabeth learned the specifics of the MerKaBa Meditation from Drunvalo Melchizedek in 1988. She was already familiar with this type of meditation because of her many unusual interactions with dolphins and whales. She has been facilitating this course ever since, creating environments for participants to move into deeper levels of self love, awakening ancient wisdom within, and activating a personal new connected leadership for the present.

When the teachings of geometry are used to show the ancient truth that all life emerges from the same blueprint — the intelligent force some call “God” — this study is called Sacred Geometry. Understanding the simple truths of sacred geometry leads to an evolution of consciousness and an opening of the heart that is a next step in the process of human evolution! -RHFOL
